

# Corfu Angel Cats

## Role description

### Daily routine

- Be ready to start at 9 am each morning, 10 am in wintertime.
- Give breakfast to special needs or cage restrained cats.
- Feed outside cats.
- Give treatment if necessary – tablets, cleaning, eye drops.
- Collect all empty food bowls for cleaning.
- Take out and clean litter trays, replenish cat litter if required. Take care not to mix litter trays – each cat has their own. Shake bedding and change if necessary. Wash litter trays if necessary.
- Hose heavily soiled bedding and put in the washing bin to be laundered.
- Sweep cages and indoor areas. Mop daily.
- Clean and replenish water bowls. Replace in cages and other places.
- Report anything unusual – cats sick, not eating, urinating, diarrhoea etc
- Tie bags of litter and put in the bin.
- Wash and rinse dishes, leave to drain dry.
- Make sure the cats in the cages are sheltered from the sun in summertime.
- Sweep terrace, garden, walls and area around shed and run. Keep the area clean and tidy.
- Put laundry in the washing machine and hang it to dry.
- Collect when dry from the line and store in cat bedding containers.

There will be sick cats that need cuddles, cats that need playing with or socialising. Help might be needed with trips to the vet. There's always gardening to do, we need to keep weeds down as they harbour ticks and mosquitos.

We welcome visitors, so please be ready to engage with them and show them around.

If you are around in the day, please check outside water bowls. Our cats are on dried food and need plenty of water to digest it. Also, they drink a lot when it's hot.

# Corfu Angel Cats

## **General**

- Keep the whole area clean and tidy, sweep paths, help with watering if necessary and tidying plants and pots.
- There may be times when we need help to catch or trap feral cats for neutering, medications or vet visits.
- Help unload the cat food, litter and other supplies from the car as necessary.
- Cuddle cats as much as possible!
- Share your cute photos on Facebook.

## **We also expect you to:**

- Be back in the Kingdom before 11 pm and be quiet after this.
- Be sober whenever you are around the cats.
- Keep the volunteer cabin clean and tidy, inside and around the terrace area.
- Remember not to flush any toilet paper or sanitary pads in the toilet.
- Clean the volunteer cabin thoroughly before you leave, also inside the fridge.
- Remove your garbage.
- Put the used sheets and towels in the washing machine.

*Thank you!*
